Yaoundé, 04 FEB 2021

## THE MINISTER

TO

- The Regional Delegates,
- The Divisional Delegates,
- The National Education Dignitaries,
- Heads of public and private General, Technical and teacher training secondary schools,

### **Subject : National Digital Statistical Campaign 2020/2021**

The national statistical campaign of the Ministry of Secondary Education for the school year 2020/2021 is launched electronically throughout the national territory. The said electronic data collection will be carried out as follows:

- The digital questionnaires are made available to the heads of regional and divisional school mapping services via the Internet (to be downloaded on the MINESEC website and the exchange platforms created for this purpose);
- The Divisional chiefs of service shall send the questionnaires to school Principals electronically;
- The Principals will fill in the electronic questionnaires in their various schools;
- These Principals shall be assisted through the forums created for this campaign by the DPPC technical team (on how to be acquainted with, manipulate, fill in and return the completed questionnaires to the central processing unit).

The completed questionnaires must be returned no later than 26 February 2021 through the same electronic channel.

It should be noted here that the heads of both public and private schools are all obliged to observe these prescriptions.

Considering the importance of statistics for the rational management of the education system and for the evaluation of government actions in the secondary education sub-sector, I therefore urge you to be more committed to the success of this campaign. Also, do well to inform me about the difficulties encountered in the implementation of these instructions, to which I attach so much importance.
