**SHIFTING TIMETABLES AND SAFETY OF STUDENTS DURING TOTALENERGIES
AFCON 2021**

The news of accessibility to the football stadia from the **HEAD OF STATE** to the whole nation has been very clear.

As far as schools are concerned (public or private), the closing time, that is, 1pm (2pm at the latest), is well known to all, but safe time to return home is under the control of parents/guardians. Therefore, while the **HEAD OF STATE** would like us to enjoy the matches sustainably, the safety of the children, street corners, empty homes must all be safeguarded especially as Cameroon will be playing night matches as from next week. We appeal to the public to use every shred of its sensitivity to be helpful to minors.

Also, the question of teaching hours lost during AFCON as a result of the shifting timetables should not be fixed by individual teachers, schools, or institutions. Adjusted times will be published by hierarchy. Please, watch out for announcements relating to this on the website of the Ministry of Secondary Education.
