**SUBJECT: Extension of the Registration Period for the 2023
session of examinations organised by DECC**

Due to low number of candidates registered in examinations organised by DECC, as per the initial deadline, in some Regions, I hereby inform you that the period of registration has been exceptionally extended from 10 to 14 April 2023.

In this respect, late registration files should be collected by the Department of Examinations and Certification no later than 17 April 2023.

In the meantime, you should forward to me forthwith the list of the culprits responsible for the breakdown in the registration process (some school Principals)

Please give these instructions the importance they deserve.
